

HANDICAPPED MIXED TOURNAMENT

Hello all,

Patricia could you put some of these pictures on the website please? They are from the boiling hot Saturday's handicapped mixed tournament. The day went very well with 24 players competing.

The twelve pairs were divided into two groups of six and each couple played 5 group matches (of seven games) within their group. the pairs winning the most games in their group then played a single tie-break set final.

This was between Bill Stothart and Anne Mellows, against Dave Hayes and Caroline Orlebar which Dave and Caroline won 6-3.

Between us we got through 3 large tubs of ice cream and several cakes, and many cups of tea and squash. Joan presented the cup and medals and the tournament finished at about 17:30.

I'm going to suggest that we use this format for next year's Ladies, Men's and mixed doubles . We'll have to decide which ones we'll run as open or handicapped,

Bernard
